

PACIFIC **GREEN**  
SAVE THE FORESTS USE PALMWOOD

Pacific Green stands apart from all other furniture.  
We present unique pieces to inspire and excite.

Our designs take inspiration from traditional artisan skills and indigenous artistry, so that every Pacific Green piece has a heritage and a sense of its global origin.

All pieces are handcrafted from superior natural materials sourced from around the world. Furniture that has an intrinsic value.

Pacific Green is a global ambassador for sustainable manufacturing. All items use Palmwood®, a sustainable alternative to hardwood exclusive to Pacific Green.

Follow our 40-year journey on [www.pacificgreen.net](http://www.pacificgreen.net)

# Verité

## · MASTERS COLLECTION ·

Pacific Green presents the Masters Collection, an exclusive line of furniture of rare craftsmanship and material selection. No compromises are made on luxury or comfort. Each handmade item of furniture is a unique artwork and heirloom.

Verité is the first design concept of the Masters Collection: Cast bronze and beautifully-sanded Palmwood®. Inspired by the treasures of Ancient Egypt. Exceptional natural materials are sourced from around the world. Bronze from Egypt. Palmwood from Fiji. Thick full-grain leather from Italy. Feather down and latex from New Zealand. The floating seat platform has the same design as used in luxury cars.

Cosmopolitan is a further exploration of the bronze-and-Palmwood theme. A reimagining of the Pharaoh's sofa, which seems to float above the floor.

As each piece from the Masters Collection takes several days to craft and finish, only a limited number will be made.

Luxor variation available

## PACIFIC GREEN LEATHERS & HIDES

---

Leather is unrivalled for luxury and comfort in furniture upholstery. Warm and forgiving. It appeals to the senses.

As a natural product, leather has its own character; a history revealed in the grain, patterning and pores. Lovers of leather appreciate these visual and tactile elements, and enjoy how they develop over years to convey the life of the chair.

Because leathers are unique, complex and adventurous, Pacific Green offers a range to satisfy different customer needs. All coverings are complimentary and 'mix and match' perfectly.

## VÉRITÉ

---

VÉRITÉ is exclusive to our premium Vérité and Cosmopolitan furniture collections. This extra thick (3mm) full-grained leather is unequalled in durability and tactility. Calm and comforting, the leather gets better with age. VÉRITÉ's striking appeal comes from the visible pores, grain and surface patterns of the natural material, and so is lightly pigmented.

## AGED

---

These full-grained and rawhide leathers are specially hand-treated to give them variegated colour effects and a rich surface texture. Techniques include waxing, distressing and screen-printing the leather.

## SU - SUPERIOR

---

SU is an elegant leather with a silken look and touch. This full-grained leather (1.4mm thick) is steel-finished and oil-impregnated. As natural as possible, with a delicate surface glaze. SU is similar to the leathers used in clothes and handbags. It is a cultured choice for customers who seek a supple surface that will acquire natural features over time.

## WILD

---

WILD contains our selection of Australian sheepskins and Brazilian cowhides. Shorn or unshorn. The Brindle unshorn bovine hides combine colours of tan, yellow, chocolate, grey in the way nature intended; each piece is unique.

## HQ - HIGH QUALITY

---

HQ is a soft, stylish (1.7mm thick) leather for general-purpose usage. It is treated - painted and pigmented - for customers that seek a hardwearing leather that requires minimum maintenance and is protected against staining. HQ has a strong visual character with a lightly embossed grain.

## SUEDE

---

A full-grained suede leather that makes a striking upholstery combination with the SU series
